STATISTIEKE VAN LIKWIDASIES EN INSOLVENSIËS: JUNIE 1986
STATISTICS OF LIQUIDATIONS AND INSOLVENCIES: JUNE 1986

1. OPSOMMING

Die totale getal likwidasië vir Junie 1986 het met 46,1% gestyg vergeleke met Mei 1986. Hierdie styging is veral te wyte aan aansienlike stygings in die getal verpligte likwidasië ten opsigte van fabriekswese, konstruksie, groot- en kleinhandel, verversings-, en akkommodasiedienste, finansiering, versekering, vaste eiendom en besigheidsdienste, gemeenskaps-, maatskaplike en persoonlike dienste.

Die totale getal insolvensië vir Junie 1986 toon 'n geringe afname van 1,4% vergeleke met Mei 1986, terwyl dit 'n merkbare toename van 38,5% toon vergeleke met Junie 1985.

2. OPMERRINGS

- 2.1 Die gegewens vir likwidasië het betrekking op die totale getal maatskappye en beslote korporasies wat finaal gelikwideer is. Hierdie gegewens word verkry vanaf die Registrateur van Maatskappye en die Registrateur van Beslote Korporasies.
- 2.2 Insolvensië het slegs betrekking op private persone en vennootskappe wat finaal gesekwestreer is; dit verteenwoordig nie die getal persone betrokke nie, aangesien 'n vennootskap as een insolvensie gereken word, ongeag die getal vennote. Die syfers is gebaseer op gegewens verkry uit die Meesters se Kennisgewings wat gereeld in die Staatskoerant verskyn.
- 2.3 Vir die eerste keer word gegewens van die getal likwidasië volgens tipe bedryf gepubliseer (tabel 4). Inligting vir vorige maande vanaf Januarie 1985 word in die aangehegte bylae gepubliseer.

1. SUMMARY

The total number of liquidations for June 1986 increased by 46,1% compared with May 1986. This increase is mainly due to considerable increases in the number of compulsory liquidations in respect of manufacturing, construction, wholesale and retail trade, catering and accommodation services, financing, insurance, real estate and business services, community, social and personal services.

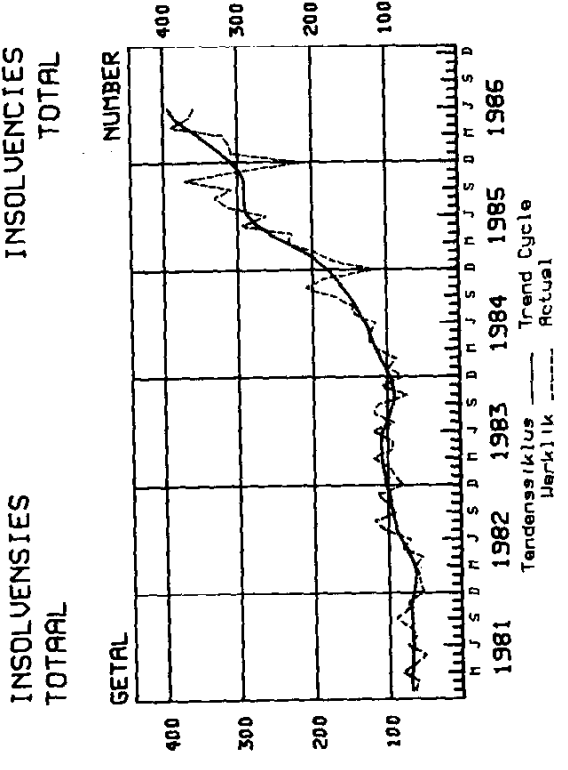

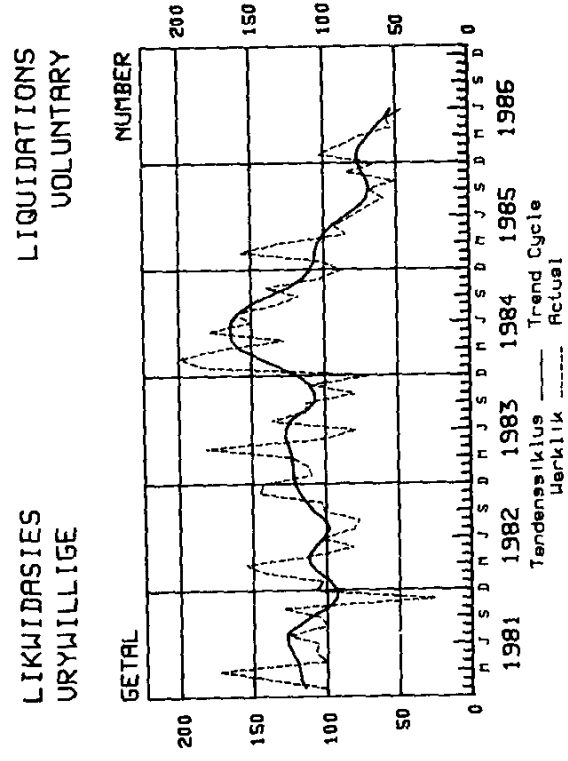

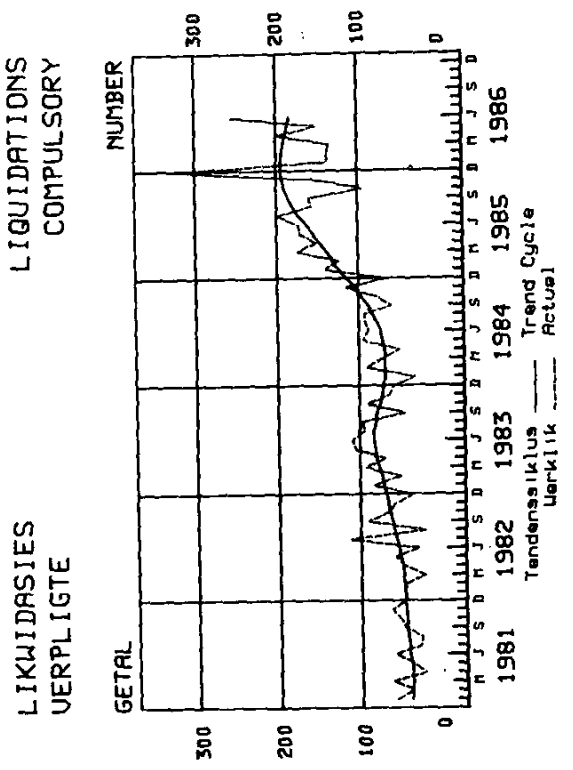

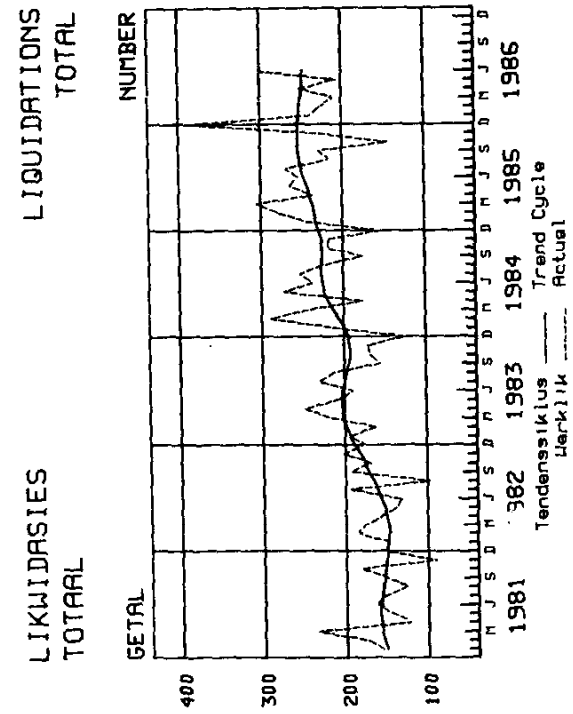

The total number of insolvencies for June 1986 shows a slight decrease of 1,4% compared with May 1986, whereas it shows a marked increase of 38,5% compared with June 1985.

2. NOTES

- 2.1 The figures for liquidations relate to the total number of companies and close corporations which are placed under final liquidation. This information is obtained from the Registrar of Companies and the Registrar of Close Corporations.
- 2.2 Insolvencies relate to private persons and partnerships which are placed under final sequestration; they do not represent the number of persons involved, as a partnership is counted as one insolvency, irrespective of the number of partners. The figures are based on information extracted from the Masters' Notices published currently in the Government Gazette.
- 2.3 For the first time, information on the number of liquidations is published by type of industry (table 4). Information for previous months as from January 1985 is published in the attached annexure.

Tydperk Period	Totale getal likwidasië Total number of liquidations	Totale getal insolvensië Total number of insolvencies	Persentasieverandering van: Percentage change of:

Wens verskerpte kontrole sedert Oktober 1985 deur die Registrars of Companies and Close Corporations since October 1985 on the accuracy of the names of the companies, which were liquidated by court order, some of the liquidations will not be shown in the month in which they took place but, when the revised court order has been received.

As a result of more intense control by the Registrars of Companies and Close Corporations since October 1985 on the accuracy of the names of the companies, which were liquidated by court order, some of the liquidations will not be shown in the month in which they took place but, when the revised court order has been received.
