STATISTICAL RELEASE

P0043.1

Statistics of liquidations (Preliminary)

March 2023

Previously, the release P0043 included statistics of both liquidations and insolvencies. From this month, the release is separated into two releases: P0043.1 Statistics of liquidations and P0043.2 Statistics of insolvencies. P0043.2 will not be active until the resolution of a computer hack that occurred at the Department of Justice and Constitutional Development in September 2021.

Embargoed until:
24 April 2023
14:30

ENQUIRIES:

Liquidations: results for March 2023

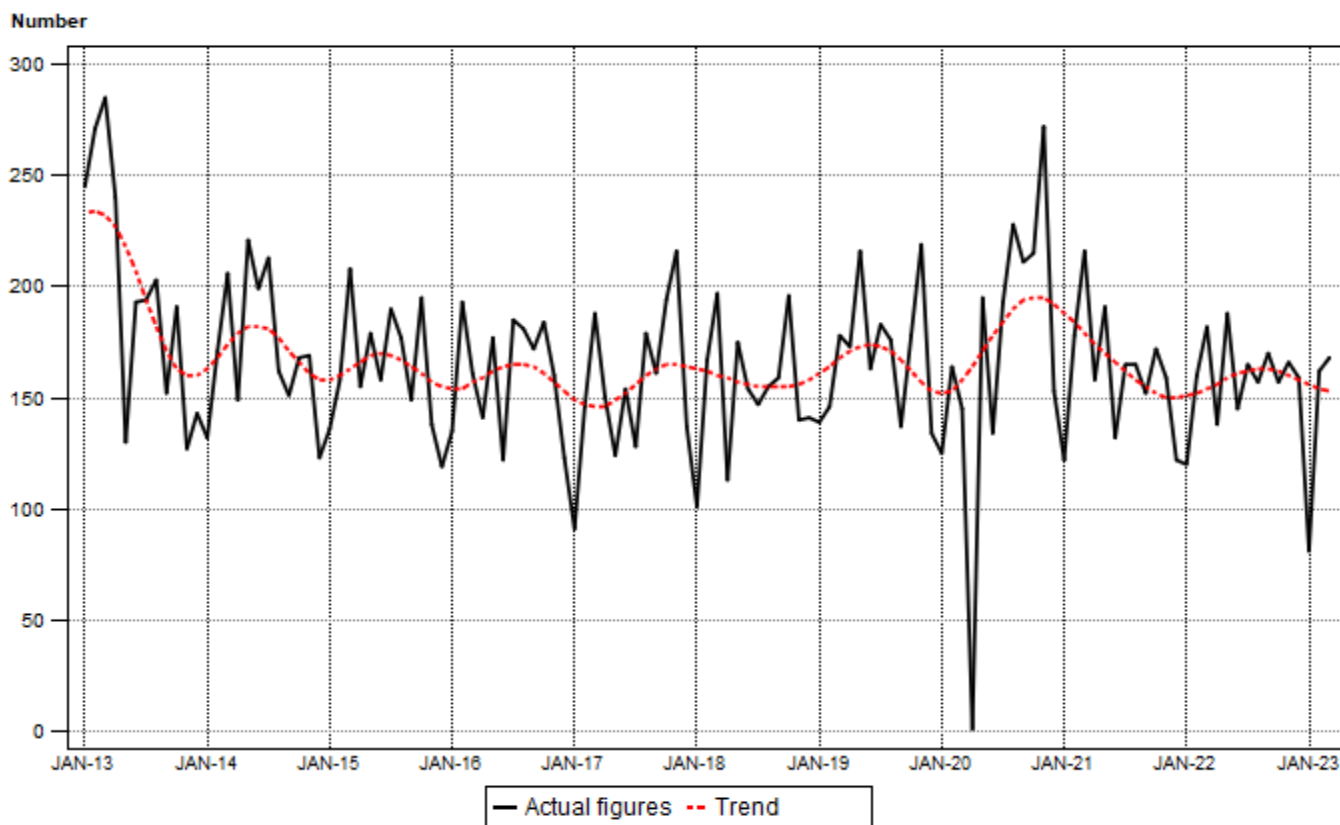

Table A – Key growth rates in the number of liquidations

Number of liquidations March 2023	% change between March 2022 and March 2023	% change between January to March 2022 and January to March 2023
168	-7,7	-11,0

The total number of liquidations decreased by 7,7% in March 2023 compared with March 2022. Liquidations of companies decreased by 33 cases, while liquidations of close corporations increased by 19 cases during this period.

The total number of liquidations decreased by 11,0% in the first quarter of 2023 compared with the first quarter of 2022.

Explanatory notes

Introduction	1	Statistics South Africa (Stats SA) collects administrative information on liquidations from Companies and Intellectual Property Commission and the Department of Trade, Industry and Competition.
	2	This statistical release reflects voluntary and compulsory liquidations of companies and close corporations.
Purpose of the survey	3	The aggregated data in this release are used by the private and public sectors to measure economic performance and are also an important indicator of the scope of unpaid debt in South Africa.
Scope of the survey	4	This survey covers the total number of companies and close corporations which were liquidated.
Symbols and abbreviations	5	Stats SA – Statistics South Africa.
Seasonal adjustment	6	Seasonally adjusted estimates are generated each month using the X-12-ARIMA Seasonal Adjustment Program developed by the United States Census Bureau. Seasonal adjustment is a means of removing the estimated effects of normal seasonal variation from the series so that the effects of other influences on the series can be recognised more clearly. Seasonal adjustment does not aim to remove irregular or non-seasonal influences which may be present in any particular month.
	7	Influences that are volatile or unsystematic can still make it difficult to interpret the movement of the series even after adjustment for seasonal variations. This means the month-to-month movements of seasonally adjusted estimates may not be reliable indicators of trend behaviour. The X-12-ARIMA procedure for liquidations is described in more detail on the Stats SA website: click to download seasonal adjustment P0043 April 2018
Trend cycle	8	The trend is the long-term pattern or movement of a time series. The X-12-ARIMA Seasonal Adjustment Program is used for smoothing seasonally adjusted estimates to estimate the underlying trend cycle.

Glossary

Compulsory liquidation	A compulsory liquidation takes place when the affairs of a company or close corporation are wound up by order of the court.
Liquidation	Liquidation refers to the winding-up of the affairs of a company or close corporation when liabilities exceed assets and it can be resolved by voluntary action or by an order of the court.
Voluntary liquidation	A voluntary liquidation takes place when a company or close corporation, by own choice, resolves to wind-up its affairs.

General information

Stats SA publishes approximately 300 different statistical releases each year. It is not economically viable to produce them in more than one of South Africa's eleven official languages. Since the releases are used extensively, not only locally but also by international economic and social-scientific communities, Stats SA releases are published in English only.

Stats SA has copyright on this publication. Users may apply the information as they wish, provided that they acknowledge Stats SA as the source of the basic data wherever they process, apply, utilise, publish or distribute the data; and also that they specify that the relevant application and analysis (where applicable) result from their own processing of the data.

Stats SA products

A complete set of Stats SA publications is available at the Stats SA library and the following libraries:

National Library of South Africa, Pretoria Division
National Library of South Africa, Cape Town Division
Natal Society Library, Pietermaritzburg
Library of Parliament, Cape Town
Bloemfontein Public Library
Johannesburg Public Library
Eastern Cape Library Services, Qonce
Central Regional Library, Polokwane
Central Reference Library, Mbombela
Central Reference Collection, Kimberley
Central Reference Library, Mmabatho

Stats SA also provides a subscription service.

Electronic services

A large range of data is available via online services. For more detail about our electronic services, contact Stats SA's user information service at (012) 310 8600.
