### GENERAL INFORMATION

18

## KEY FINDINGS

**Note:** The Department of Home Affairs is in the process of re-introducing the collection of information on arrivals and departures of South Africa citizens at ports of entry and exit. This will enable the availability of statistics on South African arrivals and departures through the three international airports (Johannesburg, Cape Town and Durban).

The release provides information on travellers. Due to unavailability of data from suppliers, information on documented immigrants is not included in this release. The July 2005 documented immigration information will be provided as soon as it is made available to Statistics South Africa.

It is important to note that travellers include (a) same day visitors and tourists of which some might be in transit; and (b) other travellers such as migrants, workers from other countries paid in South Africa, diplomats and so forth.

### 1. Foreign travellers

The total number of foreign travellers who visited South Africa from mainland Africa, overseas and unspecified countries, arriving through all ports of entry during July 2005 was **636 569**. The July 2005 figure represents an increase of 18,7% when compared with the July 2004 figure of 536 389 (see Table 1.1.1).

During July 2005, the most common mode of travel used by foreign travellers arriving in South Africa was road, involving 457 791 (71,9%) travellers, followed by air, involving 161 872 (25,4%) travellers. Of the total number of foreign travellers arriving by air, 136 712 (84,5%) arrived through Johannesburg International Airport while 23 679 (14,6%) arrived through Cape Town International Airport, 366 (0,2%) arrived through Durban International Airport and the rest, 1 115 (0,7%), arrived through other airports (see Table 1.1.2).

Among the total number of foreign travellers departing, road travel was the most common mode of travel (396 532 representing 73,9%), followed by air travel (139 373 representing 26,0%). Of the total number of foreign travellers departing by air, 119 560 (85,8%) departed from Johannesburg International Airport, 18 388 (13,2%) departed from Cape Town International Airport, 336 (0,2%) used Durban International Airport and the rest, 1 089 (0,8%), departed through other airports (see Table 1.1.2). Figures 1a and 1b show the breakdown of air arrivals and departures, respectively, according to the airport used. It is observed that the distribution of air arrivals by ports of entry and departures by ports of exit are almost the same.

### 2. Ports of entry and modes of travel used by overseas and mainland Africa travellers

#### 2.1 Overseas travellers

Table 1.2.1 shows that during July 2005, **148 212** overseas travellers visited South Africa. This represents a 7,8% increase in the volume of overseas travellers as compared to July 2004 when there were 137 538 overseas travellers.

It is further observed that in July 2005, there were 128 559 air arrivals from overseas, which accounts for 86,7% of all overseas arrivals. Of these overseas air arrivals, 105 614 (82,2%) arrived through Johannesburg International Airport; 21 926 (17,1%) arrived through Cape Town International Airport; 265 (0,2%) arrived through Durban International Airport and the rest, 754 (0,6%), arrived through other airports.

The number of overseas travellers arriving by road during July 2005 was 19 118 (12,9%). The number of overseas travellers arriving by rail, sea and unspecified mode of travel was 535 (0,4%). An excel spreadsheet on the mode of travel for all countries of origin is available on request.

#### 2.2 Mainland Africa travellers

Table 1.2.1 further shows that the total number of travellers who arrived in South Africa from mainland Africa during July 2005 was **481 109**, as compared to the July 2004 figure of 381 846, representing an increase of 26,0%. Of these travellers from mainland Africa, the number arriving by road was 437 670 (91,0%).

In July 2005, there were 32 487 (6,8%) air travellers arriving from mainland Africa. Of these air arrivals, 30 469 (93,8%) arrived through Johannesburg International Airport, 1 568 (4,8%) arrived through Cape Town International Airport, 100 (0,3%) arrived through Durban International Airport while the rest, 350 (1,1%), arrived through other airports. The number of travellers from mainland Africa arriving by rail, sea and unspecified mode of travel was 10 952 which constituted (2,3%) of all travellers from Mainland Africa.

### 3. Purpose of visit

**Overseas travellers:** Of the 148 212 overseas travellers visiting South Africa during July 2005, 134 273 (90,6%) stated that they were in South Africa for holidays while 5 127 (3,5%) stated that they were on business trips (see Table 1.2.2). Overseas travellers on transit in South Africa were 894 (0,6%), those travellers arriving for the purpose of work (including contract work) were 4 958 (3,3%) and those visiting for the purpose of study were 2 867 (1,9%). An excel spreadsheet on the purpose of visit for all countries of origin is available on request.

**Mainland Africa travellers:** Of the 481 109 travellers from mainland Africa visiting South Africa during July 2005, the majority 429 975 (89,4%) stated that they were in South Africa for holidays while 11 216 (2,3%) stated that they were on business trips. A further breakdown of travellers from mainland Africa is as follows: travellers in transit were 3 764 (0,8%), those visiting for the purpose of study were 18 797 (3,9%) and those travellers arriving for the purpose of work (including contract work) were 6 855 (1,4%) as shown in Table 1.2.2.

### 4. Intended duration of stay (days)

**Overseas and mainland Africa travellers:** In July 2005, of the 148 212 overseas travellers visiting South Africa, 98 904 (66,7%) stated that they intended to stay for 271 to 365 days and 17 116 (11,5%) stated that they intended to stay for 181 to 270 days. Of the 481 109 travellers from mainland Africa, 258 422 (53,7%) stated that they intended to stay in South Africa for 91 to 180 days and 51 943 (10,8%) stated that they intended to stay for 271 to 365 days as shown in Table 1.2.3.

### 5. Leading source countries of overseas and mainland Africa travellers

**Overseas travellers:** Figure 2a indicates that during July 2005, the number of travellers from the UK visiting South Africa was 29 537 (19,9%), making it the leading country of origin of overseas travellers. This was followed by travellers from the USA, 25 793 (17,4%) and Germany, 12 013 (8,1%). Other main countries of origin of overseas travellers were: Netherlands, 10 228 (6,9%); France, 5 093 (3,4%); Australia, 6 678 (4,5%); Italy, 3 944 (2,7%) and Belgium, 3 531 (2,4%). Upon comparing the figures for July 2005 with those of July 2004 (see Figure 2b), the highest increase in the number of arrivals from these leading source countries was for USA, (17,6% increase from 21 935 in 2004 to 25 793 in 2005) and the lowest decrease was for France, (30,9% decrease from 7 374 in 2004 to 5 093 in 2005). The main purpose of visit stated for travellers coming from these leading source countries was holidays, followed by business.

**Travellers from mainland Africa:** During July 2005, the top eight countries (Figure 3a) in mainland Africa from which travellers arriving in South Africa came from were: Lesotho, 138 729 (28,8%); Swaziland, 78 090 (16,2%); Botswana, 74 806 (15,5%); Zimbabwe, 70 125 (14,6%); Mozambique, 66 002 (13,7%); Namibia, 18 044 (3,8%); Zambia, 10 987 (2,3%) and Malawi, 9 364 (1,9%). When comparing arrival figures from mainland Africa, (see Figure 3b) for 2004 and 2005, the highest increase in the number of travellers was from Mozambique, (106,7% increase from 31 926 in 2004 to 66 002 in 2005).

### 6. Historical trends in travel

It should be borne in mind that there is often quite a substantial month to month variation in tourism figures, and one needs to look at a longer period of several months to be able to detect any trends and patterns. The trend regarding the number of overseas travellers arriving in South Africa since 2000 is shown in Figure 4. Although the figure shows evidence of seasonal fluctuations, the level of overseas travel over the period has shown an upward trend since 2000.

### 7. Documented immigration

**Note:** Documented immigrants are not reported in this publication due to unavailability of data from the suppliers. This information will be reported as soon as it is made available to Statistics South Africa.

**PJ Lehohla**  
**Statistician-General**

## EXPLANATORY NOTES

### 1. Sources of data

Legal movements across South African borders as well as legal immigration into South Africa fall under the jurisdiction of the Department of Home Affairs (DHA). Information on tourism and documented immigration is obtained from all ports of entry. Information on arrivals into and departures from South Africa is captured by DHA and loaded onto the mainframe at State Information Technology Agency (SITA). Stats SA accesses this data remotely, which is then used as part of the input data for this report. Information on legal immigrants to South Africa is sent to Stats SA on computer printout from DHA. The information on the printout is coded and captured by clerical staff at Stats SA.

The Department of Home Affairs is in the process of re-introducing the collection of information on arrivals and departures of South Africa citizens at ports of entry and exit. This will enable the availability of statistics on South African arrivals and departures through the three international airports (Johannesburg, Cape Town and Durban).

### 2. Glossary of terms

Key terms used in this release are defined as follows:

**Tourism** comprises the activities of persons travelling to and staying in places outside their usual environment for not more than one consecutive year for leisure, business and other purposes not related to the exercise of an activity remunerated from within the place visited. The usual environment of a person consists of a certain area around his/her place of residence plus all other places s/he frequently visits.

A **tourist** (overnight visitor) is a visitor who stays at least one night in collective or private accommodation in the place visited. An international tourist is an international visitor who stays at least one night in collective or private accommodation in the country visited. A domestic tourist refers to a domestic visitor who stays at least one night in collective or private accommodation in the place visited.

**Traveller** is any person on a trip between two or more localities. An **international traveller** refers to any person on a trip between two or more localities in different countries. A **domestic traveller** refers to any person on a trip between two or more localities in his/her country of residence.

**Visitor** refers to any person travelling to a place other than that of his/her usual environment for less than 12 consecutive months and whose main purpose of the trip is other than the exercise of an activity remunerated from within the place visited.

An **international visitor** is any person travelling to a country other than the one in which s/he has his/her usual residence, but outside his/her usual environment, for less than 12 consecutive months and whose main purpose of the trip is other than the exercise of an activity remunerated from within the place visited.

**Domestic visitor** refers to any person residing in a country, who travels to a place within that country other than the one in which s/he has his/her usual environment, for less than 12 consecutive months and whose main purpose of the trip is other than the exercise of an activity remunerated from within the place visited.

**Overseas traveller** refers to a number of foreign travellers visiting South Africa (SA), excluding travellers from mainland Africa and from 'unspecified' countries.

**Foreign traveller** refers to a person who resides outside SA and visits the country temporarily.

## General information

Stats SA publishes approximately 300 different statistical releases each year. It is not economically viable to produce them in more than one of South Africa's eleven official languages. Since the releases are used extensively, not only locally but also by international economic and social-scientific communities, Stats SA releases are published in English only.

Stats SA has copyright on this publication. Users may apply the information as they wish, provided that they acknowledge Stats SA as the source of the basic data wherever they process, apply, utilise, publish or distribute the data; and also that they specify that the relevant application and analysis (where applicable) result from their own processing of the data.

### Advance release calendar

An advance release calendar is disseminated on [www.statssa.gov.za](http://www.statssa.gov.za)

### Stats SA products

A complete set of Stats SA publications is available at the Stats SA Library and the following libraries:

National Library of South Africa, Pretoria Division  
National Library of South Africa, Cape Town Division  
Natal Society Library, Pietermaritzburg  
Library of Parliament, Cape Town  
Bloemfontein Public Library  
Johannesburg Public Library  
Eastern Cape Library Services, King William's Town  
Central Regional Library, Polokwane  
Central Reference Library, Nelspruit  
Central Reference Collection, Kimberley  
Central Reference Library, Mafikeng  
Stats SA also provides a subscription service.

### Electronic services

A large range of data are available via on-line services, diskette and computer printouts. For more details about our electronic data, contact user information services.

You can visit us on the Internet at: [www.statssa.gov.za](http://www.statssa.gov.za)
