SENTRALE  
STATISTIEKDIENS  
CENTRAL  
STATISTICAL SERVICE

Statistiese vrystelling  
Statistical release

P0441

Om 'n suksesvolle statistiese stelsel in die RSA te bedryf, is die samewerking tussen die Sentrale Statistiekdiens en die inwoners van die RSA, die private sektor en die owerheidsinstellings onontbeerlik. Sonder hierdie volgehoue samewerking en welwillendheid sal die tydige beskikbaarstelling van relevante en betroubare amptelike statistieke nie moontlik wees nie.

Co-operation between the Central Statistical Service and the residents of the RSA, the private sector and the government institutions is essential for a successful statistical system in the RSA. Without this continued co-operation and goodwill, the timely release of relevant and reliable official statistics will not be possible.

**NOTA:**

Alle groei koerse in hierdie Statistiese Vrystelling is kwartaalwys persentuele veranderinge wat uitgedruk word teen jaarkoerse, in die opsommingstabel sowel as in die opsomming.

**OPSOMMING**

Hierdie vrystelling bevat ramings vir die BBP teen heersende pryse tot en met die eerste kwartaal van 1993. Die ramings vir die BBP teen konstante pryse is in 'n afsonderlike statistiese vrystelling gedateer 13 Mei 1993 gepubliseer.

Volgens voorlopige ramings het die totale seisoensaangesuiwerde BBP teen heersende pryse in die eerste kwartaal van 1993 met 10,1% gemeet teen markpryse, en met 12,7% gemeet teen faktorinkome, toegeneem, vergeleke met die vierde kwartaal van 1992. Indien die landbousektor, wat 'n sterk positiewe groei koers getoon het, buite rekening gelaat word, was die toename in die seisoensaangesuiwerde BBP 8,6% in die eerste kwartaal van 1993, vergeleke met die vierde kwartaal van 1992.

**NOTE:**

All growth rates in this Statistical Release are quarterly percentage changes which are indicated at annual rates, in the summary table as well as in the summary.

**SUMMARY**

This release contains estimates for the GDP at current prices up to and including the first quarter of 1993. The estimates for the GDP at constant prices were published in a separate statistical release dated 13 May 1993.

According to preliminary estimates the total seasonally adjusted GDP at current prices increased by 10,1%, measured at market prices, and by 12,7% measured at factor incomes, in the first quarter of 1993, compared with the fourth quarter of 1992. If the agricultural sector, which showed a strong positive growth rate, is excluded, the increase in the seasonally adjusted GDP was 8,6% in the first quarter of 1993, compared with the fourth quarter of 1992.
