Groothandelverkope

Januarie 1995

Wholesale trade sales

January 1995

Statistiese vrystelling P6141.2
Statistical release

Om 'n suksesvolle statistiese stelsel in die RSA te bedryf, is die samewerking tussen die Sentrale Statistiekdiens en die inwoners van die RSA, die private sektor en die owerheidsinstellings onontbeerlik. Sonder hierdie volgehoue samewerking en welwillendheid sal die tydige beskikbaarstelling van relevante en betroubare amptelike statistieke nie moontlik wees nie.

Co-operation between the Central Statistical Service and the residents of the RSA, the private sector and the government institutions is essential for a successful statistical system in the RSA. Without this continued co-operation and goodwill, the timely release of relevant and reliable official statistics will not be possible.

SEISOENSAANGEPASTE GROOTHANDELVERKOPE NEEM TOE IN JANUARIE 1995

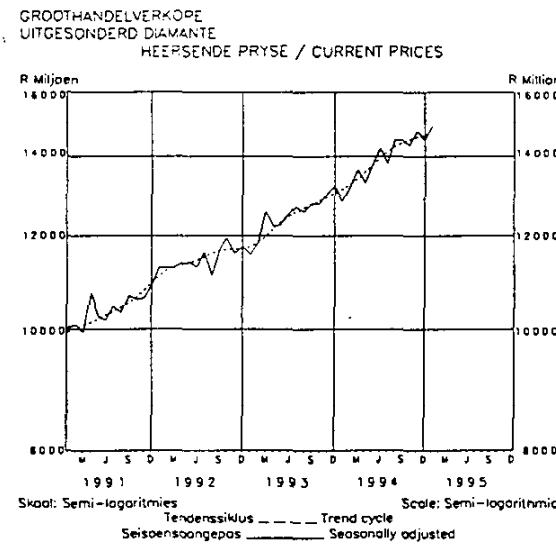

In hierdie statistiese vrystelling het die gegewens vanaf Januarie 1995 betrekking op die groothandelverkope in die Republiek van Suid-Afrika, met inbegrip van die voormalige TBVC-state. Vergelykings met die vorige maande moet dus met omsigtigheid hanteer word, aangesien die voormalige state voor Januarie 1995 uitgesluit is. Inligting tot die SSD se beskikking dui daarop dat die totale groothandelverkope van dié state vir Januarie 1995 ongeveer 0,4% van die totaal uitmaak.

Die seisoensaangepaste groothandelverkope (diamante uitgesluit) vir Januarie 1995 toon 'n toename van 2,9% vergeleke met Desember 1994.

Die grootste toename in verkope het voorgekom by groothandelaars in farmaceutiese en chemiese produktes (9,2%) gevlo deur die verkope van groothandelaars in masjinerie en toerusting (5,8%). Hierdie toenames is in 'n groot mate teegewerk deur afnames in die verkope van groothandelaars in konstruksie- en boumateriaal (-2,2%) en groothandelaars in kantoor- en winkeltoerusting, boeke en skryfbhoeftes (-2,1%).

Die waarde van groothandelverkope (diamante uitgesluit) vir Januarie 1995 is 15,4% hoër as vir Januarie 1994.

Die waarde van groothandelverkope (diamante uitgesluit) vir Januarie 1995 is 1,2% hoër as die verwagte verkope vir Januarie 1995 soos deur die groothandelaars in die vooruitsig gestel (kyk statistiese vrystelling P6141.1 van 20 Maart 1995).

SEASONALLY ADJUSTED WHOLESALE TRADE SALES INCREASE IN JANUARY 1995

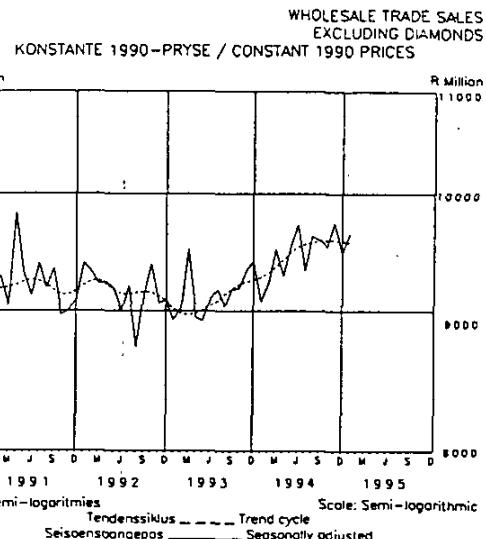

In this statistical release the data as from January 1995 relate to the wholesale trade sales in the Republic of South Africa, including the former TBVC states. Comparisons with the previous months must thus be handled with circumspection, as the former states were excluded before January 1995. Information available to the CSS indicates that the total wholesale trade sales of these states for January 1995 amount to approximately 0,4% of the total.

The seasonally adjusted wholesale trade sales (excluding diamonds) for January 1995 reflect an increase of 2,9% compared with December 1994.

The largest increase in sales occurred in respect of wholesalers in pharmaceutical and chemical products (9,2%) followed by the sales of wholesalers in machinery and equipment (5,8%). These increases were to a large extent counteracted by decreases in the sales of wholesalers in construction and building materials (-2,2%) and wholesalers in office and shop equipment, books and stationery (-2,1%).

The value of wholesale trade sales (excluding diamonds) for January 1995 is 15,4% higher than for January 1994.

The value of wholesale trade sales (excluding diamonds) for January 1995 is 1,2% higher than the expected sales for January 1995 as foreseen by the wholesalers (see statistical release P6141.1 of 20 March 1995).

OPMERKINGS

NOTES

Hierdie statistiese vrystelling toon finale ramings van die groothandelverkope in die Republiek van Suid-Afrika (die voormalige TBVC-state is voor Januarie 1995 uitgesluit). Die opname word op 'n firmabasis gedoen. Die resultate van die steekproefopname word verhef om die totale groothandelverkope te verteenwoordig. Beide die werklike en seisoensdangepaste waardes van groothandelverkope volgens soort besigheid teen heersende sowel as konstante 1990-pryse word getoon. Die waarde van verkope teen konstante 1990-pryse ten opsigte van elke soort besigheid is verkry deur die verkooawaarde teen heersende pryse met behulp van subindeks van die produksieprysindeks op basis 1990 = 100 te deleer.

Groothandelverkope teen heersende pryse sluit BTW in.

'n Voorlopige raming van totale groothandelverkope word in statistiese vrystelling P6141.1 gepubliseer.

This statistical release shows final estimates of the wholesale trade sales in the Republic of South Africa (the former TBVC states are excluded before January 1995). The survey is conducted on a firm basis. The results of the sample survey are raised to represent the total wholesale trade sales. Both actual and seasonally adjusted values of wholesale trade sales according to kind of business at current as well as constant 1990 prices are shown. The value of sales at constant 1990 prices in respect of each kind of business is obtained by deflating the sales value at current prices by means of sub-indices of the production price index on base 1990 = 100.

Wholesale trade sales at current prices include VAT.

A preliminary estimate of total wholesale trade sales is published in statistical release P6141.1.
