Groothandelverkope

Julie 1994

Wholesale trade sales

July 1994

Statistiese vrystelling
Statistical release

P6141.2

Om 'n suksesvolle statistiese stelsel in die RSA te bedryf, is die samewerking tussen die Sentrale Statistiekdiens en die inwoners van die RSA, die private sektor en die owerheidsinstellings onontbeerlik. Sonder hierdie volgehoue samewerking en welwillendheid sal die tydige beskikbaarstelling van relevante en betroubare amptelike statistieke nie moontlik wees nie.

Co-operation between the Central Statistical Service and the residents of the RSA, the private sector and the government institutions is essential for a successful statistical system in the RSA. Without this continued co-operation and goodwill, the timely release of relevant and reliable official statistics will not be possible.

REëLE GROOTHANDELVERKOPE DAAL VIR JULIE 1994

Die reële groothandelverkope (diamante uitgesluit) teen konstante 1990-pryse vir Julie 1994 is na seisoensaanpassing 4,5% laer as vir Junie 1994. Dit het tot gevolg dat die opwaartse tendens wat in die eerste helfte van 1994 in reële verkope voorgekom het, begin afplat (kyk grafiek).

Die reële verkope van groothandelaars in voedsel, drank en tabak vir Julie 1994 toon na seisoensaanpassing 'n afname van 21,5% en masjinerie en toerusting 'n afname van 9,6% vergeleke met die hoë verkope vir Junie 1994. Hierteenoor toon die reële verkope van groothandelaars in tekstiele, klerasie en skoeisel na seisoensaanpassing 'n toename van 6,8% en dié van groothandelaars in kantoor- en winkeltoerusting, boeke en skryfbehoeftes 'n toename van 5,3%.

Die finale groothandelverkope (diamante uitgesluit) teen heersende pryse vir Julie 1994 beloop R13 805,2 miljoen, wat 1,5% laer is as die verwagte verkope van R14 017,7 miljoen vir Julie 1994 soos deur die groothandelaars in die vooruitsig gestel*.

Die gegewens in hierdie statistiese vrystelling sluit die voormalige Republieke van Transkei, Bophuthatswana, Venda en Ciskei uit. Die SSD is tans egter besig om die steekproefopname uit te brei ten einde data van die voormalige Republieke in te sluit.

* Soos gepubliseer in statistiese vrystelling P6141.1 van 5 September 1994.

REAL WHOLESALE TRADE SALES DECREASE FOR JULY 1994

The real wholesale trade sales (excluding diamonds) at constant 1990 prices for July 1994 are 4,5% lower than for June 1994 after seasonal adjustment. This results in a levelling off of the upward trend that occurred in real sales in the first half of 1994 (see graph).

The real sales of wholesalers in foodstuffs, beverages and tobacco for July 1994 reflect a decrease of 21,5% and machinery and equipment a decrease of 9,6% after seasonal adjustment compared with the high sales for June 1994. Opposed to this, the real sales of wholesalers in textiles, clothing and footwear reflect an increase of 6,8% after seasonal adjustment and those of wholesalers in office and shop equipment, books and stationery an increase of 5,3%.

The final wholesale trade sales (excluding diamonds) at current prices for July 1994 amount to R13 805,2 million, which is 1,5% lower than the expected sales of R14 017,7 million for July 1994 as foreseen by the wholesalers*.

The data in this statistical release exclude the former Republics of Transkei, Bophuthatswana, Venda and Ciskei. The CSS is however presently extending the sample survey in order to include data of the former Republics.

* As published in statistical release P6141.1 of 5 September 1994.

OPMERKINGS

Hierdie statistiese vrystelling toon finale ramings van die groothandelverkope (die voormalige Republieke van Transkei, Bophuthatswana, Venda en Ciskei uitgesluit). Die opname word op 'n firmabasis gedoen. Die resultate van die steekproefopname word verhef om die totale groothandelverkope te verteenwoordig. Beide die werklike en seisoensaangepaste waardes van groothandelverkope volgens soort besigheid teen heersende sowel as konstante 1990-pryse word getoon. Die waarde van verkope teen konstante 1990-pryse ten opsigte van elke soort besigheid is verkry deur die verkoopwaarde teen heersende pryse met behulp van sub-indekse van die produksieprysindeks op basis 1990 = 100 te defleer.

Groothandelverkope teen heersende pryse sluit BTW in.

'n Voorlopige raming van totale groothandelverkope word in statistiese vrystelling P6141.1 gepubliseer.

NOTES

This statistical release shows final estimates of the wholesale trade sales (excluding the former Republics of Transkei, Bophuthatswana Venda and Ciskei). The survey is conducted on a firm basis. The results of the sample survey are raised to represent the total wholesale trade sales. Both actual and seasonally adjusted values of wholesale trade sales according to kind of business at current as well as constant 1990 prices are shown. The value of sales at constant 1990 prices in respect of each kind of business is obtained by deflating the sales value at current prices by means of sub-indices of the production price index on base 1990 = 100.

Wholesale trade sales at current prices include VAT.

A preliminary estimate of total wholesale trade sales is published in statistical release P6141.1.
