Fixed Property: Census of letting of own fixed property P8401

1993

Embargo: 09:30

Date: 24 February 1997

Read the following notice with regard to the eleven official languages

RENT RECEIVED FROM THE LETTING OF OWN FIXED PROPERTY AMOUNTED TO R6 886,8 MILLION IN 1992/93

The rent that businesses received from the letting of land and buildings amounted to R6 886,8 million for 1992/93. 82,8% (R5 699,0 million) of the total rent received was from the letting of office buildings, shops and other commercial and industrial buildings.

Private businesses that let their own land and buildings had 23 947 paid employees in 1993, the majority of which were Africans/Blacks (11 776 or 49,2%), followed by Whites (9 342 or 39,0%), Coloureds (1 665 or 7,0%) and Indians/Asians (1 164 or 4,9%).

EXPLANATORY NOTES

The Central Statistical Service undertook a census of letting of own fixed property in 1993. This statistical release contains preliminary results of the census. Final results will be published shortly in the CSS Report No. 84-01-01(1993) Census of letting of own fixed property 1993.

The information relates to the Republic of South Africa and covers all firms (excluding private persons) deriving income mainly from the letting of own fixed

property such as land, dwelling-houses, flats and non-residential buildings directly to the lessees

or through agents. The former TBVC states are excluded as they did not form part of the Republic of South Africa during 1992/93.

Businesses were requested to furnish information in respect of their financial year that ended on any date during the period 1 March 1992 to 28 February 1993.

The number of employees refers to the last pay-day in February 1993.

The census of letting of own fixed property 1993, was impeded by very poor response. Therefore, it is not possible to publish the information on a magisterial district basis. All the information of the firm as a whole, has therefore been allocated to the head office of that firm, and published for the province in which the head office is situated.

The CSS has copyright on this information. You are, however, free to apply it as you wish provided that you acknowledge the CSS as the source of the basic data wherever you process, apply, utilize, publish or distribute the data; and also that you specify that the relevant application and analyses (where applicable) result from your own processing of the data.

Dr F M Orkin

Head: Central Statistical Service
