## OPMERKINGS

## NOTES

P9144

A. Plaaslike owerhede

Die inligting in hierdie nuusberig het slegs betrekking op Blanke plaaslike owerhede.

Die plaaslike owerhede verstrek kwartaalks opsommings van die inkomste- en uitgawestate van hulle belasting- en algemene dienste, asook van elke handelsdienst. Die statistieke is dus slegs opsommings van die transaksies wat in hierdie state verskyn. Geen inligting word kwartaalks van die verskeie kapitaal-, reserve- en ander spesiale fondse en rekenings van plaaslike owerhede versamel nie en sodanige transaksies is dus nie by hierdie statistieke ingesluit nie.

Die rioleringsdienste van alle plaaslike owerhede is vir die doeleindes van hierdie nuusberig onder die belasting- en algemene dienste ingesluit.

Die gegewens is gebaseer op die inligting wat versamel is deur 'n steekproef van 40 groot Blanke plaaslike owerhede. Die kwartaalks gegewens is op die grondslag van die volledige opname vir die 1988/89-finansiële jaar verhef om die beraamde totale te bereken. As gevolg van die volledige 1988/89-opname is alle gegewens hersien.

Omvattende finansiële statistieke van plaaslike owerhede en uitvoerige verduidelikings verskyn in Nuusberig P9114.1 (1991), Statistieke van Plaaslike Owerhede 1988/89.

B. Streeksdiensterade

'n Vraelys word aan elke streeksdiensteraad gestuur sodra dit begin funksioneer en finansiële statistieke word voorlopig by alle streeksdiensterade versamel.

Die eerste streeksdiensterade het gedurende die Julie - September 1987-kwartaal begin funksioneer en die besonderhede van die rade wat gedurende elke kwartaal in werking was, word in Deel 2 verstrek. Die streeksdiensterade in die Kaap het die funksies van die afdelingsrade oorgeneem.

Daar moet veral daarop gelet word dat die heffings wat 'n streeksdiensteraad in die eerste maande na sy ontstaan ontvang, laer is as die bedrae wat in normale omstandighede deur die raad ingevorder sal word.

C. Algemene owerheidsdienste (Belasting- en algemene dienste)

Alle bedrywighede wat nie by die owerheidsondernehemings ingesluit is nie word onder die algemene owerheidsektor geklassifiseer. Dit omvat hoofsaaklik die dienste wat by die Belasting- en Algemene Dienste ingesluit is, bv. ambulans, brandweer, gesondheidsdienste, parke en ontspanning, paaie, verkeer, administrasie, ens.

A. Local authorities

The information in this news release relates only to White local authorities.

Local authorities furnish quarterly summaries of the income and expenditure statements of their rate and general services, and also of each trading service. The statistics are therefore only summaries of the transactions that appear in these statements. No quarterly information is collected from local authorities in respect of the various capital, reserve and other special funds and accounts and such transactions are therefore not included in these statistics.

The sewerage services of all local authorities are included in the rate and general services for the purpose of this news release.

The particulars are based on the information collected from a sample survey of 40 large White local authorities. The quarterly particulars were raised on the basis of the complete survey for the 1988/89 financial year to obtain estimated totals. All the particulars were revised as a result of the complete 1988/89 survey.

Comprehensive financial statistics of local authorities and detailed explanations appear in News Release P9114.1 (1991), Statistics of Local Authorities 1988/89.

B. Regional services councils

A questionnaire is sent to each regional service council as soon as it becomes operational and financial statistics are for the time being collected from all regional services councils.

The first regional services councils became operational during the July - September 1987 quarter and the particulars of the councils which were in operation during each quarter, are reflected in Part 2. The regional services councils in the Cape took over the functions of the divisional councils.

It is important to note that the levies received by a regional services council in the first months after its inception, are lower than the amounts that would be collected by the council under normal circumstances.

C. General government services (Rate and general services)

All activities not included in government enterprises are classified to the general government sector. These comprise mainly the services which are included in the Rate and General Services, e.g. ambulance, fire brigade, health services, parks and recreation, roads, traffic, administration, etc.
