Die plaaslike owerhede verstrek kwartaallik opsomings van die inkomste- en uitgawestate van hulle belasting- en algemene dienste, asook van elke handelsdienste. Die statistieke is dus slegs opsomings van die transaksies wat in hierdie state verskyn.

Die rioleringdienste van alle plaaslike owerhede is vir die doeleindes van hierdie statistiese nuusberig onder die belasting- en algemene dienste ingesluit.

Die gegewens is gebaseer op die inligting wat versamel is deur 'n steekproef van 40 groot Blanke plaaslike owerhede. Die kwartaallike gegewens is op die grondslag van die volledige opname vir die 1988/89-finansiële jaar verhef om die beraamde totale te bereken.

Omvattende finansiële statistieke van plaaslike owerhede en uitvoerige verduidelikings verskyn in Verslag No. 91-14-01 (1988/89), Finansiële Statistieke van Plaaslike Owerhede, 1988/89 wat by die Staatsdrukkery (Pretoria of Kaapstad) verkrygbaar is.

#### C. Streeksdiensterade en Gesamentlike Diensterade

'n Vraelys word aan elke streeksdiensteraad en gesamentlike diensteraad gestuur sodra dit begin funksioneer en finansiële statistieke word voorlopig by alle streeksdiensterade en gesamentlike diensterade versamel.

Die eerste streeksdiensterade het gedurende die Julie - September 1987-kwartaal begin funksioneer en die besonderhede van die rade wat gedurende elke kwartaal in werking was, word in Deel 2 verstrek. Die streeksdiensterade in die Kaap het die funksies van die afdelingsrade oorgeneem.

Daar moet veral daarop gelet word dat die heffings wat 'n streeksdiensteraad in die eerste maande na sy ontstaan ontvang, laer is as die bedrae wat in normale omstandighede deur die raad ingevorder sal word.

Meer omvattende finansiële statistieke van streeksdiensterade vir 1989/90, verskyn in Statistiese Nuusberig P9104 van 15 Januarie 1992.

Die gesamentlike diensterade het gedurende die Julie - September 1991-kwartaal begin funksioneer en die besonderhede van twee van die ses bestaande rade word saam met streeksdiensterade in Deel 2 verstrek.

#### D. Algemene owerheidsdienste (Belasting- en algemene dienste)

Alle bedrywigheid wat nie by die owerheidsondernemings ingesluit is nie word onder die algemene owerheidsektor geklassifiseer. Dit omvat hoofsaaklik die dienste wat by die Belasting- en Algemene Dienste ingesluit is, bv. ambulans, brandweer, gesondheidsdienste, parke en ontspanning, paaie, verkeer, administrasie, ens.

Local authorities furnish quarterly summaries of the income and expenditure statements of their rate and general services, and also of each trading service. The statistics are therefore only summaries of the transactions that appear in these statements.

The sewerage services of all local authorities are included in the rate and general services for the purpose of this statistical news release.

The particulars are based on the information collected from a sample survey of 40 large White local authorities. The quarterly particulars were raised on the basis of the complete survey for the 1988/89 financial year to obtain estimated totals.

Comprehensive financial statistics of local authorities and detailed explanations appear in Report No. 91-14-01 (1988/89), Financial Statistics of Local Authorities, 1988/89 which is obtainable from the Government Printing Works (Pretoria or Cape Town).

#### C. Regional services councils and Joint services boards

A questionnaire is sent to each regional service council and joint services board as soon as it becomes operational and financial statistics are for the time being collected from all regional services councils and joint services boards.

The first regional services councils became operational during the July - September 1987 quarter and the particulars of the councils which were in operation during each quarter, are reflected in Part 2. The regional services councils in the Cape took over the functions of the divisional councils.

It is important to note that the levies received by a regional services council in the first months after its inception, are lower than the amounts that would be collected by the council under normal circumstances.

More comprehensive financial statistics of regional services councils for 1989/90, appear in Statistical News Release P9104 of 15 January 1992.

The joint services boards became operational during the July - September 1991 quarter and the particulars of two of the six existing boards are shown together with the regional services councils in Part 2.

#### D. General government services (Rate and general services)

All activities not included in government enterprises are classified to the general government sector. These comprise mainly the services which are included in the Rate and General Services, e.g. ambulance, fire brigade, health services, parks and recreation, roads, traffic, administration, etc.
