KEY FIGURES

	QUARTER ENDED				
	June 2005	March 2006	June 2006	Percentage change between quarter ended March 2006 and quarter ended June 2006	Percentage change between quarter ended June 2005 and quarter ended June 2006
	R million	R million	R million		
Remuneration of employees based on regional services levies of district and metropolitan municipalities	155 092,7	153 954,6	162 655,5	5,7	4,9
Turnover of institutions based on regional establishment levies of district and metropolitan municipalities	874 794,7	919 328,3	912 005,8	-0,8	4,3

KEY FINDINGS FOR THE QUARTER ENDED JUNE 2006

Total remuneration increased by 5,7% and total turnover decreased by 0,8% in the second quarter of 2006. The increase and decrease is probably due to the causes listed on page 2. These figures are preliminary.

Total remuneration increased by 4,9% and total turnover increased by 4,3% between the second quarters of 2006 and 2005.

According to the June 2006 survey of remuneration of employees and turnover of institutions, based on the regional services levies received by district and metropolitan municipalities, the total remuneration of employees increased by 5,7% in the second quarter of 2006 compared with the first quarter of 2006.

The total turnover of institutions, based on the regional establishment levies received by district and metropolitan municipalities, decreased by 0,8% in the second quarter of 2006 compared with the first quarter of 2006.

Provincial breakdowns

The largest provincial contributor to the total remuneration of employees was Gauteng with 47,2%, followed by KwaZulu-Natal (15,4%), Western Cape (11,4%), Eastern Cape (6,2%), North West (5,4%), Mpumalanga (5,2%), Limpopo (4,2%), Free State (3,0%), and Northern Cape (1,9%) (see. Figure 1, p. 2).

The largest provincial contributor to the total turnover of institutions was Gauteng with 51,4%, followed by Western Cape (13,0%), KwaZulu-Natal (12,9%), Mpumalanga (6,0%), Eastern Cape (5,9%), North West (3,5%), Free State (3,4%), Limpopo (2,4%) and Northern Cape (1,5%) (see. Figure 1, p. 2).

Figure 1– Percentage distribution of remuneration of employees and turnover of institutions based on levies received by district and metropolitan municipalities according to province for the quarter ended June 2006

Increases and decreases in remuneration of employees and turnover of institutions based on the levies received by district and metropolitan municipalities

The fluctuations in the levies received by district and metropolitan municipalities can be caused by:

- legal action taken to recover outstanding amounts which may result in significant increases from one quarter to another;
- levies paid annually and not on a quarterly basis;
- the turnover of institutions and remuneration of employees;
- public holidays as well as other periods when institutions are closed; and
- revisions to previous quarters made in the event of new or revised information being furnished by the respondents.

General information 12

Notes

Forthcoming issues	This is the last statistical release to be published in this series.
Purpose of survey	The purpose of this survey is to collect information regarding remuneration of employees and turnover of institutions based on the levies received by district and metropolitan municipalities. The information collected is also used to estimate the Gross Domestic Product according to region (GDPR).
Publication format	The Statistics Act, 6 of 1999, prohibits the publication of information of individual respondents (in this case the district and metropolitan municipalities). Information in this release is therefore only provided at provincial level.
Response rate	Response rate for the second quarter ended 30 June 2006 was 100%.

Explanatory notes

- Introduction** 1 Since 1993, Statistics South Africa (Stats SA) has conducted a quarterly survey of remuneration of employees and turnover of institutions regarding the levies collected from the public and private sector by district and metropolitan municipalities. The main purpose of this survey is to collect information regarding remuneration of employees and turnover according to the levies received by district and metropolitan municipalities by province. The information collected will also be used in the Gross Domestic Product by Region (GDPR) according to municipality. Some organizations are not subject to levies, for example, religious and charitable organisations and non-profit institutions.
- Scope of the survey** 2 The relevant information is collected from district and metropolitan municipalities which collect levies received by district municipalities and metropolitan municipalities in terms of section 3 of Regional Services Councils Act, 1985 (Act No. 109 of 1985), section 4 of the KwaZulu-Natal Joint Services Act, 1990 (Act No. 84 of 1990) the relevant sections of the Local Government Transition Act, (Act No. 209 of 1993) and the Local Government Transition Act, Second Amendment Act, 1996 (Act No. 97 of 1996) or any amendments thereto.
- Statistical unit** 3 The statistical units for the collection of information are the district and metropolitan municipalities.
- Classification** 4 The 1993 edition of the Standard Industrial Classification of all Economic Activities (SIC), Fifth Edition, Report No. 09-90-02, is used to classify the statistical units in the survey. The SIC is based on the 1990 International Standard Industrial Classification of all Economic Activities (ISIC) with suitable adaptations for local conditions. This publication presents information classified by district municipality.
- Survey methodology and design** 5 This survey is collected by mail each quarter from all 52 district municipalities (category C) and metropolitan municipalities (category A) within the nine provinces.
- Related publications** 6 Users may also wish to refer to the following publications which are available from Stats SA –
- ◆ P0401 - Gross geographic product
 - ◆ P0441 - Gross domestic product
 - ◆ P9101.1 - Actual and expected capital expenditure of the public sector
 - ◆ P9114 - Financial census of municipalities
 - ◆ P9115 - Non-financial census of municipalities

Reliable estimates	7	Figures for the latest quarter are normally regarded as preliminary. Fluctuations may occur in consecutive quarters as a result of seasonal and economic factors.
Collection of levies	8	This survey only captures data in respect of levies paid by institutions. The information does not necessarily represent all levies, which should have been collected.
	9	Levies paid to district and metropolitan municipalities are not necessarily applicable for the reference period. Levies paid may be inclusive of accrued and prepaid amounts.
Value added tax	10	Value added tax (VAT) has been excluded from all calculations.
Rounding off-of figures	11	All figures are rounded off independently of one another. Totals may therefore not be equal to the sum of the individual amounts.
Revised figures	12	The revised figures are due to respondents reporting revisions or corrections to the previous information they furnished.
Symbols and abbreviations used	13	Stats SA Statistics South Africa * Revised 0 not available (or not applicable)
Disclosure of information	14	The information can be made available at the district and metropolitan municipalities level on request.

Glossary

District municipality	District municipality means a municipality that has municipal executive and legislative authority in an area that includes more than one municipality, and which is described in section 155(1) of the Constitution as a category C municipality. (Refer to Local government: Municipal Structures Act, Act No.117 of 1998).
Employees	Employees refer to those persons who received remuneration in the reference quarter.
Metropolitan municipality	Metropolitan municipality means a municipality that has exclusive executive and legislative authority in its area, and which is described in section 155(1) of the Constitution as a category A municipality. (Refer to Local government: Municipal Structures Act, Act No.117 of 1998).
Quarterly percentage change between previous and current quarter	Quarterly percentage change is the change in the remuneration of employees (or turnover of institutions) of the given quarter compared with the remuneration of employees (or turnover of institutions) of the previous quarter expressed as a percentage.
Quarterly percentage change between a specific quarter of the previous year and the same quarter of the current year	Quarterly percentage change between the previous year and the current year for the same quarter refers to the comparison of the three months of the current quarter in the current year with that of the similar period of the previous year. The amounts shown for each quarter are not cumulative.
Reference quarter	Reference quarter for the survey refers to the three months up to the end of each quarter. The reference quarter for this survey was 1 April 2006 to 30 June 2006.
Reference year	The reference year for the survey means one calendar year. The year figure refers to the total amount for the four quarters (i.e. sum of March, June, September and December of the same year).
Regional service levy	Payroll tax paid by registered levy payers on the total remuneration of their employees in terms of the local Government Act (LGTA) of 1993.
Regional establishment levy	Turnover tax paid by businesses on the total turnover in terms of the relevant legislation.
Remuneration of employees	Remuneration of employees includes primarily: salaries; wages; services and other bonuses; allowances (including car allowances); and overtime payments.
Turnover	Turnover refers to total gross sales of institutions.

General information

Stats SA publishes approximately 300 different statistical releases each year. It is not economically viable to produce them in more than one of South Africa's eleven official languages. Since the releases are used extensively, not only locally but also by international economic and social-scientific communities, Stats SA releases are published in English only.

Stats SA has copyright on this publication. Users may apply the information as they wish, provided that they acknowledge Stats SA as the source of the basic data wherever they process, apply, utilise, publish or distribute the data and also that they specify that the relevant application and analysis (where applicable) result from their own processing of the data.

Advance release calendar

An advance release calendar is disseminated on www.statssa.gov.za
