Motion picture and video production and distribution services

Statistics South Africa has pleasure in announcing the release of Report No 96-11-01(1995) on motion picture and video production and distribution services. This report forms part of a series of other reports that are based on the Census of social, recreational and personal services of 1995.

The report provides detailed information of all enterprises (firms) in South Africa rendering motion picture and video production and distribution services as their main activity.

Some of the interesting statistics in this report are:

- That close corporations (42.2%) formed the largest number of motion picture and video production and distribution services enterprises, followed by private companies (28.3%) single owner companies (16.1%) and partnerships (11.9%).
- That there was an average annual decrease of 1.3% in the number of paid employees in the motion picture and video production and distribution services industry during the period between 1988 and 1995 from 4 443 paid employees to 4 048 paid employees.
- That there was an average annual increase of 26.4% in the total gross salaries and wages of the motion picture and video production and distribution services industry during the period between 1988 to 1995 from R31.4 million to R161.6 million.

This report is now available at the cost of R10.00 per copy at the Publishing, Marketing and User Information Services subdirectorates of Stats SA in Pretoria.
