

PARTICIPATE IN UPCOMING STATS SA SURVEYS

Statistics South Africa (Stats SA) will be conducting the following surveys in the next few months:

Community Survey (CS) March to April 2016

Approximately 1,3 million homes will be visited in the course of this large-scale household survey, which aims to collect demographic and socio-economic information. Information collected will be published for local municipalities, and will be used for planning and decision-making at all levels of government, as well as by business and other organisations.

South Africa Demographic and Health Survey (SADHS): May to September 2016

SADHS

South Africa Demographic and Health Survey
2016

This survey is a nationally-representative household survey aimed at providing a better understanding of the health status of the population in South Africa. The information collected will assist the Department of Health to plan and prioritise health programmes and service delivery. The survey will be done in collaboration with the Department of Health and the South African Medical Research Council.
